

State Lands Mapping Joint Subcommittee

6/22/23 8:00 AM

Online Meeting via Zoom

Attendees:

RMAC: Mark Hemmerlein, Michele L. Tremblay, John Magee, Larry Spencer

NHDES: Amanda Barker-Jobin, Tracie Sales

Since last meeting, the state-owned land parcel color coding has been changed to indicate the status of review by the subcommittee. Parcels that are red have not been assessed yet. Blue indicates that the subcommittee recommends release of the parcel and green indicates a recommendation to retain. This will allow for a query to determine how many parcels still need to be reviewed.

The group discussed how connectivity to valuable river resources and high scoring land elevates the priority placed on parcels that might not score as high individually.

The group reviewed specific river-adjacent parcels working south to north in Sullivan County. Many of the parcels were located along the Connecticut and Sugar Rivers.

Next meeting will be Thursday June 29, 8:00AM, by Zoom.
