**RMAC/LMAC Joint State Lands Mapping Subcommittee meeting**

*Attending –*

RMAC: Pete Bowman, Brooke Kenline-Nyman, Cory Ritz, Michele L. Tremblay (Chair)

LMAC: Garret Graaskamp, Janet Kidder, Lisa Morin, Steve Wingate

RMAC/LMAC: Mark Hemmerlein

NHDES: Tracie Sales

The group continued assessing properties in Rockingham County using the process from the prior week of having Tracie share her screen and Mark record the data. The group focused on parcels at the south end of the county moving north to Rte. 101.

Confusion about the meaning of ‘release’ versus ‘no recommendation’ remained, and whether or not the subcommittee was recommending a parcel be sold when giving a ‘release’ value. Tracie will put together a list of definitions emphasizing that ‘release’ indicates that the parcel is not seen as having any particular value to a river or lake so that it *could* be sold but not recommending that it *should* be sold.
